

Greener, Leaner, Cleaner Update

NOV
2024

Sefton Council's Energy and Environmental Management section are responsible for advising and guiding our communities about energy and water efficiency, fuel poverty, renewable energy and wider issues around climate change.

[Energy and Environment topics](#)

Volunteers make a hugely valuable contribution to the management of Sefton's beautiful coast and countryside. Regular volunteers get involved in every aspect of our work and that of our partners. Such as practical tasks, helping collect litter, talking to visitors, leading guided walks, monitoring wildlife or just being our extra 'eyes and ears' while out walking the dog.

[Sefton Warm Spaces](#)

Working alongside voluntary, community and social enterprise organisations, Sefton CVS have established a network of Warm Spaces across the borough this winter.

These include libraries, community centres, community hubs and other places offering a warm welcome and free to use for anyone struggling to heat their home.

[You can use this link to find out more about Sefton's Warm Spaces network.](#)

[Green Sefton Business Supporter Opportunities](#)

We welcome the support of any business in Sefton and have a whole host of ways that you could play a role in our work. You could give some of your time, or that of your team, or help financially to support the work of others.

No matter how big or small your contribution, it will make a real difference.

[Find out more about the ways your business could get involved on our dedicated webpage.](#)
