

RECORDED DELIVERY

SEFTON METROPOLITAN BOROUGH COUNCIL

TOWN AND COUNTRY PLANNING ACT, 1990

THE SEFTON (BIRKDALE PARK, ZONE 4, SOUTHPORT)
TREE PRESERVATION ORDER, 1994

To: The Owner/Occupier

I HEREBY GIVE YOU NOTICE, in accordance with Section 198 of the Town and Country Planning Act, 1990, that the Sefton Metropolitan Borough Council has made an Order entitled "The Sefton (Birkdale Park, Zone 4, Southport) Tree Preservation Order, 1994" and, as required by the Regulations, I enclose a copy of the Order and of the map referred to therein.

The grounds on which the Council has made the Order are as follows:-

At its meeting on 6th November, 1991, the Planning Committee resolved that a Tree Preservation Order should be made in respect of the trees within the area designated Zone 4 of the Birkdale Park area.

This Zone relates to the block formed by Palatine Road, Westcliffe Road and Lulworth Road up to the junction with Lord Street West.

A major aspect of Birkdale park which gives it its character is the number of mature trees in private gardens. They contribute substantially to the general amenity of the park-like area, not least through the provision of the shelter in an otherwise exposed seaside location, and considerably enhance the street scene.

The loss of trees either by intermittent felling, or as a consequence of development would result in considerable loss of visual amenity within the area.

A certified copy of the Order and map have been deposited at the offices of the Sefton Metropolitan Borough Council, Town Hall, Southport and may be inspected between the hours of 9.00 a.m. and 5.00 p.m. on Mondays to Thursdays and between 9.00 a.m. and 4.00 p.m. on Fridays inclusive.

Objections and representations with regard to the Order may be made to the Authority in accordance with Regulation 7 of the aforementioned Regulations which is set out below:-

"Objections and Representations:

7. (1) Every objection or representation with respect to an order shall be made in writing to the Authority, and shall state the grounds thereof, and specify the particular trees, groups of trees, or woodlands in respect of which it is made.
- (2) An objection or representation shall be duly made if it complies with paragraph (1) of this Regulation and is received by the Authority within 28 days from the date of the service of the Notice of the making of the order."

Dated this 17th day of January 1994. [REDACTED]

The Council of the Metropolitan Borough of Sefton in this Order called "the authority" in pursuance of the powers conferred in that behalf by Section 198 of the Town and Country Planning Act 1990, and subject to the provisions of the Forestry Act 1967, as amended, hereby make the following Order:-

1. In this Order:-

"the Act" means the Town and Country Planning Act 1990;

"owner" means the owner in fee simple, either in possession or who has granted a lease or tenancy of which the unexpired portion is less than three years;

"the Secretary of State" means the Secretary of State for the Environment.

2.- Subject to the provisions of this Order and to the exemptions specified in the Second Schedule hereto, no person shall, except with the consent of the authority and in accordance with the conditions, if any, imposed on such consent, cut down, top, lop, uproot, wilfully damage or wilfully destroy or cause or permit the cutting down, topping, lopping, uprooting, wilful damage or wilful destruction of any tree specified in the First Schedule hereto or comprised in a group of trees or in a woodland therein specified, the position of which trees, groups of trees and woodlands is defined in the manner indicated in the said First Schedule on the map annexed hereto which map shall, for the purpose of such definition as aforesaid, prevail where any ambiguity arises between it and the specification in the said First Schedule.

3.- An application for consent made to the authority* under Article 2 of this Order shall be in writing stating the reasons for making the application, and shall by reference if necessary to a plan specify the trees to which the application relates, and the operations for the carrying out of which consent is required.

4.- (1) Where an application for consent is made to the authority under this Order, the authority may grant such consent either unconditionally, or subject to such conditions (including conditions requiring the replacement of any tree by one or more trees on the site or in the immediate vicinity thereof), as the authority may think fit, or may refuse consent:

*NOTE-If it is proposed to fell any of the trees included in this Order and the felling requires a licence under the Forestry Act, 1967, an application should be made in the first place to the Forestry Commission.

Provided that where the application relates to any woodland specified in the First Schedule to this Order the authority shall grant consent so far as accords with the principles of good forestry, except where, in the opinion of the authority, it is necessary in the interests of amenity to maintain the special character of the woodland or the woodland character of the area, and shall not impose conditions on such consent requiring replacement or replanting.

(2) The authority shall keep a register of applications for consent under this Order containing information as to the nature of the application, the decision of the authority thereon, any compensation awarded in consequence of such decision and any directions as to replanting of woodlands; and every such register shall be available for inspection by the public at all reasonable hours.

5.- Where the authority refuse consent under this Order or grant such consent subject to conditions they may when refusing or granting consent certify in respect of any trees for which they are so refusing or granting consent that they are satisfied -

- (a) that the refusal or condition is in the interests of good forestry; or
- (b) in the case of trees other than trees comprised in a group of trees or in a woodland, that the trees have an outstanding or special amenity value; or
- (c) in the case of trees which are comprised in a group of trees or in a woodland, that the group of trees or the woodland, as the case may be, has an outstanding or special amenity value,

but a certificate shall not be given in the case of trees falling within (c) above if the application in respect of them has been referred by the Forestry Commissioners under Section 15(1)(b) or 15(2)(a) of the Forestry Act, 1967.

6.- (1) Where consent is granted under this Order to fell any part of a woodland other than consent for silviculture thinning then unless -

- (a) such consent is granted for the purpose of enabling development to be carried out in accordance with a permission to develop land under Part III of the Act, or
- (b) the authority with the approval of the Secretary of State dispense with replanting,

the authority shall give to the owner of the land on which that part of the woodland is situated a direction in writing specifying the manner in which and the time within which he shall replant such land and where such a direction is given and the part is felled the owner shall, subject to the provision of this Order and section 204 of the Act, replant the said land in accordance with the direction.

(2) Any direction given under paragraph (1) of this Article may include requirements as to -

- (a) species;
- (b) number of trees per acre (hectare);
- (c) the erection and maintenance of fencing necessary for protection of the replanting;
- (d) the preparation of ground, draining, removal of brushwood, lop and top; and
- (e) protective measures against fire.

7.- On imposing any condition requiring the replacement of any tree under Article 4 of the Order, or on giving a direction under Article 6 of this Order with respect to the replanting of woodlands, the authority shall if such condition or direction relates to land in respect of which byelaws made by a water authority since 31st March 1974, by any other authority (whose functions are now exercised by a water authority) who at any time prior to 1st April 1974 exercised the functions in respect of which the byelaw was made, by a drainage board, or by the Greater London Council in the exercise of its functions in relation to maintenance, improvement or construction of watercourses or of drainage works, restrict or regulate the planting of trees, notify the applicant or the owner of the land, as the case may be, of the existence of such byelaws and that any such condition or direction has effect subject to the requirements of the water authority, or the drainage board, and the conditions or direction shall have effect accordingly.

8.- The provisions set out in the Third Schedule to this Order, being provisions of Part III of the Act adapted and modified for the purposes of this Order, shall apply in relation thereto.

9.- Subject to the provisions of this Order, any person who has suffered loss or damage in consequence of any refusal (including revocation or modification) of consent under this Order or of any grant of any such consent subject to conditions, shall, if he makes a claim on the authority within the time and in the manner prescribed by this Order, be entitled to recover from the authority compensation in respect of such loss or damage:

Provided that no compensation shall be payable in respect of loss or damage suffered by reason of such refusal or grant of consent in the case of any trees the subject of a certificate in accordance with Article 5 of this Order.

10.- In assessing compensation payable under the last preceding Article account shall be taken of:

- (a) any compensation or contribution which has been paid whether to the claimant or any other person, in respect of the same trees under the terms of this or any other Tree Preservation Order under Section 198 of the Act, or under the terms of any Interim Preservation Order made under Section 8 of the Town and Country Planning (Interim Development) Act 1943, or any compensation which has been paid or which could have been claimed under any provision relating to the preservation of trees or protection of woodlands contained in an operative scheme under the Town and Country Planning Act, 1932, and
- (b) any injurious affection to any land of the owner which would result from the felling of the trees the subject of the claim.

11.- (1) A claim for compensation under this Order shall be in writing and shall be made by serving it on the authority, such service to be effected by addressing the claim to the authority and leaving it at or sending it by post to the principal office of the authority.

(2) The time within which any such claim shall be made as aforesaid shall be a period of twelve months from the date of the decision of the authority, or of the Secretary of State, as the case may be, or where an appeal has been made to the Secretary of State against the decision of the authority, from the date of the decision of the Secretary of State on the appeal.

12.- Any question of disputed compensation shall be determined in accordance with the provisions of Section 118 of the Act.

NOTE: Any person contravening the provisions of this Order by cutting down, uprooting or wilfully destroying a tree, or by wilfully damaging, topping or lopping a tree in such a manner as to be likely to destroy it is guilty of an offence and liable on summary conviction to a fine not exceeding the prescribed sum * or twice the sum which appears to the Court to be the value of the tree, whichever is the greater, or on indictment to a fine. The penalty for any other contravention of this Order is a fine not exceeding level 4 on the standard scale** on summary conviction and, in the case of a continuing offence when the contravention is continued after conviction, a person is liable on summary conviction to an additional fine not exceeding £5 for every day on which the contravention is so continued.

* £2,000, but subject to alteration by Order

** £1,000, but subject to alteration by Order

If a tree is removed, uprooted or destroyed in contravention of an Order or, except in the case of a tree to which the Order applies as part of a woodland, is removed, uprooted or destroyed or dies at a time when its cutting down or uprooting is authorised only by section 198(6) of the Town and Country Planning Act 1990 relating to trees which are dying or dead or have become dangerous, it is the duty of the owner of the land, unless on his application the local planning authority dispense with the requirement, to plant another tree of appropriate size and species at the same place as soon as he reasonably can. Except in emergency, not less than 5 days' previous notice of the removal, etc., should be given to the authority to enable the latter to decide whether or not to dispense with the requirement. In respect of trees in a woodland it is sufficient to replace the trees removed, uprooted or destroyed by planting the same number of trees either on or near the land on which the trees removed, uprooted or destroyed stood or on such other land as may be agreed between the authority and the owner of the land, and (in either case) in such places as may be designed by the authority.

(3) The authority shall also serve notices to the same effect on the persons mentioned in subsection (1) above.
